

Director's Report on Developmental Progress Assessment

Date of Visit: 01-06-2025

Child's Name: Soufian Ramy Mahmoud

Date of Birth: 03-07-2020

Age: 4 years and 11 months

Gender: Male

Guardian: Ramy

Overview:

Soufian was evaluated due to **information processing delays** and **developmental delays** that have led to **acquired features of autism**. The assessment indicates the need for further analysis to understand the underlying causes and refine the intervention plan.

Recommended Plan:

1) Development Protocol for Information Processing:

- Implement a **non-chemical protocol** for information processing delays.
- Conduct this protocol for **4 months**, followed by an **in-person reassessment**.
- Establish a **baseline** for progress tracking and make adjustments as needed.

2) Main Recommended Analysis (via Neurazon – Canada):

Please refer to their assessment. *These analyses are external, provided through Neurazon (Canada), and not conducted at our center.*

3) Recommended Therapy After Determining the Causes:

- **Neuroplasticity Rehabilitation Therapy:** Start in later stages (not immediately).
- **Speech and Occupational Therapy:** 2 sessions each (2ST and 2OT) to improve communication, sensory integration, and functional development.

Disclaimer:

This assessment is not a final diagnosis but a developmental evaluation based on current observations. The child is open to improvement, and the findings may change with progress and intervention. The recommended tests are external and provided through Neurazon (Canada). These are suggestions, not obligatory, and are intended to support a deeper understanding of the child's developmental profile. Please refer to the plan provided by Neurazon for further information. These tests are not conducted directly through our center.

Centers' Leading Staff:

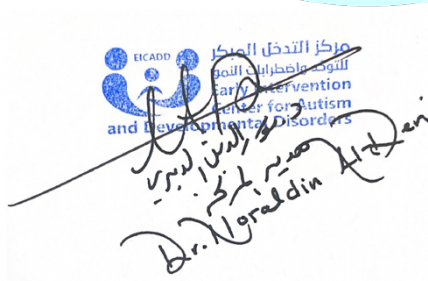

Speech Therapist: Ms. Amira Alomari

Occupational Therapist: Ms. Malak Jaber

Psychologist and behaviour therapist (Ajman): Ms. Asmaa Alshanawi

EICADD Center Director

EICADD

A handwritten signature in black ink, reading "Dr. Noraddin Al-Deri", is written over a circular stamp. The stamp contains the EICADD logo and the text "مركز التدخل المبكر للتوحد واضطرابات النمو Early Intervention Center for Autism and Developmental Disorders".
