**Director's Report on Developmental Progress Assessment**

**Date of Visit:** 22-07-2025

**Child's Name:** miaseen-motaz, alahwal

**Date of Birth:** 15-06-2021

---

**Overview:**

Miaseen visited our center for a developmental assessment. The evaluation revealed signs of developmental delays and information processing challenges. Additionally, the child demonstrates characteristics aligned with hyperlexia, closer to Hyperlexia Type 2—categorized as acquired features of autism due to underlying delays. It is important to note that this is not a final diagnosis of autism but an assessment indicating areas that require targeted support and further evaluation.

---

**Recommended Plan:**

**1. Development Protocol for Information Processing:**

- Duration: 4 months
  - Followed by an in-person reevaluation
  - Reestablish baseline and adjust interventions accordingly
  - Continue with the existing tailored developmental plan
- 

**Recommended Tests through Neurazon (Canada):**

**Please refer to the plan provided by Neurazon for further information. Please note that these are recommendations and not obligatory, and they are not conducted through our centers directly. These tests are not done at EICADD.**

---

**Recommended Therapy:**

- Initiate therapy in the child's home country
  - Begin **Neuroplasticity Rehabilitation Therapy** intensively as soon as possible to support information processing and developmental recovery
- 

**Disclaimer:**

This assessment is not a final diagnosis but a developmental evaluation based on current observations. The child is open to improvement, and the findings may change with progress and

intervention. The recommended tests are external and provided through Neurazon (Canada). These are suggestions, not obligatory, and are intended to support a deeper understanding of the child's developmental profile. Please refer to the plan provided by Neurazon for further information. These tests are not conducted directly through our center.

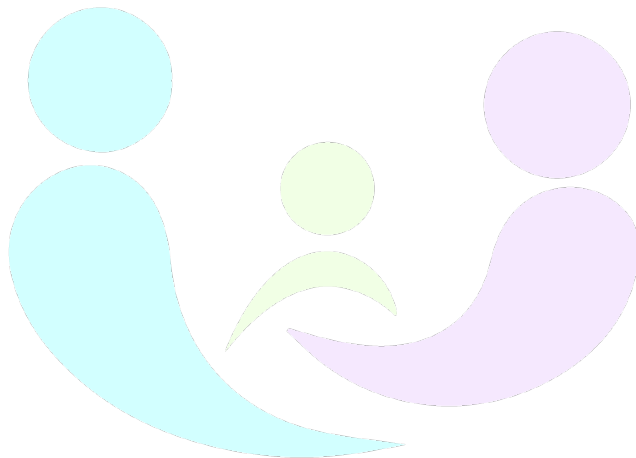

**Centers' Leading Staff:**

**Speech Therapist:** Ms. Amira Alomari

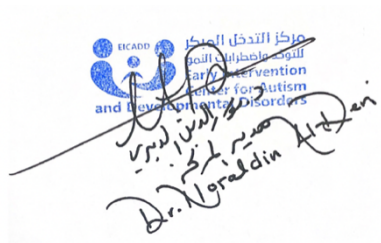

**Occupational Therapist:** Ms. Malak Jaber

**Psychologist and behaviour therapist (Ajman):** Ms. Asmaa Alshanawi

**EICADD Center Director**

**EICADD**

Dr. Noraldin Alsharifi
