

## Director's Report on Developmental Progress Assessment

**Date of Visit:** 01-06-2025

**Child's Name:** Abdulrahman Nasser Husain

**Date of Birth:** 17-05-2019

**Age:** 6 years and 1 month

**Gender:** Male

**Guardian:** Nasser

### Overview:

Abdulrahman was assessed for **information processing delays** and **developmental delays** that have led to **learning difficulties**. However, based on the current evaluation, the child **does not meet the criteria for an autism diagnosis**. Further analysis is recommended to clarify the underlying causes and adjust the intervention plan.

### Recommended Plan:

#### 1) Development Protocol for Information Processing:

- Implement a structured **non-chemical protocol** for information processing.
- Conduct this protocol for **4 months**, followed by an **in-person reassessment**.
- Establish a **baseline** for progress tracking and update the intervention plan as needed.

#### 2) Main Recommended Analysis (via Neurazon – Canada):

**Please refer to their report.** *These analyses are external, provided through Neurazon (Canada), and not conducted at our center.*

#### 3) Recommended Therapy After Determining the Causes:

- **Neuroplasticity Rehabilitation Therapy:** Intensive sessions, recommended **2 times per week** to support cognitive and functional development.

**Disclaimer:**

This assessment is not a final medical diagnosis but a developmental evaluation based on current observations. The child is open to improvement, and the findings may change with progress and intervention. The recommended tests are external and provided through Neurazon (Canada). These are suggestions, not obligatory, and are intended to support a deeper understanding of the child's developmental profile. Please refer to the plan provided by Neurazon for further information. These tests are not conducted directly through our center.

**Centers' Leading Staff:**

**Speech Therapist:** Ms. Amira Alomari

**Occupational Therapist:** Ms. Malak Jaber

**Psychologist and behaviour therapist (Ajman):** Ms. Asmaa Alshanawi

**EICADD Center Director**

Dr. Noraldin Al-Dan
